

April 4, 2017

To Whom It May Concern:

I have been working with Mr. Chad Fuller of Cavalry Construction & Consulting Inc. for the last year and a half. Our city hall was hit by a monster hail storm in April of 2015 that forced Dublin city hall to be moved to a temporary building. While in the reconstruction phase, we were hit with a second storm. A tornado in March of last year removed a portion of our new roof causing more damage than the first storm. Cavalry Construction was there for us. One phone call to Cavalry and contractors started showing up to get our building back in the dry. Everyone involved was professional, courteous and the work was completed in a timely manner. Cavalry understands insurance claims and worked with us and the insurance company to make sure we were being handled properly.

Being a municipality, we had to work together part of the time. We could not just shut down city hall. Several days their crews worked alongside my employees to get us back up and running.

I recommend Cavalry Construction and will definitely call on them again for any work in the future.

Sincerely,

A handwritten signature in blue ink that reads "Nancy Wooldridge".

Nancy Wooldridge
