To whom it may concern:

RE: Cavalry Construction Co., Inc. ("Cavalry")

We engaged Cavalry for the rebuilding of one of our properties in Texas due to a fire that completely destroyed the property.

This was our first "construction" job as it is not within the scope of our company to build or oversee construction projects. Although intimidating at first, especially seeing as we are located in Canada and the subject property is located in Texas, Cavalry worked with us in every aspect (from beginning to end) to ensure that the project remain on budget, and that we were satisfied with the final outcome.

Both Frank Jones, Jr., and site superintendent Bevin Lock, were incredibly responsive and professional throughout. They went above and beyond their scope to finalize the construction process as well as coordinate interior finish out with our tenant and their representatives. We now have a beautiful new 22,000 square foot laboratory facility that we, as well as our tenant, are extremely proud of.

We would certainly not hesitate to recommend Cavalry to anyone requiring a construction company. Should you require any additional information on the above, please do not hesitate to contact the undersigned.

Yours truly,

DEVCOR EQUITIES INC.
